

LOCAL 2266 BARGAINING UNIT MEMBERS JANUARY 30, 2016

On October 30, 2013, Swanton Sector managers met with a Local 2266 bargaining unit member who had submitted a designation of representation naming a local 2266 union executive as his representative. The Swanton Sector managers engaged in a discussion with the bargaining unit member about changing his designated representative.

Swanton Sector management agrees that it will provide local 2266 advance notice, pursuant to Art. 31(A), Collective Bargaining Agreement, of any formal discussion it intends to have with one or more bargaining unit members concerning any grievance or any personnel policy or practices or other general conditions of employment.

Swanton Sector management further agrees, pursuant to the Federal Labor Management Relations Statute, 5 U.S.C. § 7101 *et seq.*, that it will not interfere with or coerce a bargaining unit member over the designation of a union representative to represent them in any manner.

This posting will be prominently posted in three locations subject to the viewing of the majority of employees at the Beecher Falls Station and will remain posted until August 31, 2016.
